And earn CEUs for participation!

Cross-district Strategic Solutions Webinars

Districts or individuals will participate in *Cross-district Strategic Solutions* 1 hour **state-wide** topic based forums. Participants can elect to register for and join **any** forum hosted in **any** region via a virtual meeting platform.

The purpose of *Cross-district Strategic Solutions* sessions is to build a problem-solving, solution-generating Professional Learning Network (PLN) of educators open to district leaders, administrators, teachers, counselors and coaches across the state.

During the forum sessions, district teams, individual teachers, administrators and other educators may introduce or acquaint others with a challenging issue and receive feedback from other participants **across the state** by asking clarifying questions and share strategies for success. Each forum session will be facilitated by Professional Development Consultants from NCDPI, using a consultancy protocol.

To view an example of a Cross-district Strategic Solutions forum, go to <http://bit.ly/virtualmodeling1030>

To download the protocol, go to: <http://bit.ly/cdssprotocol>

Should you have any questions, please email Heather Stewart, heather.stewart@dpi.nc.gov.
